This seminar will cover eligibility for relief from consumer debt – both secured and unsecured. It will give an overview of who is eligible to file, what may be protected and what is put at risk. Also, relief under the various Chapters of the Code will be covered, including discharge of liability for some consumer debts and the reorganization of debt to save secured property from foreclosure and repossession.

This seminar will outline what you need to be considering and what you need to be working on now if you are considering filing for relief under the Bankruptcy Code. This is important information that you may need and want to share with a family member. This is one of the many services covered under your Legal Plan. Please take advantage by attending.

Note: This is open to all legal service plan participants. Spouse and covered dependents are welcome.
